

Environmental Policy

Help4Wales Foundation recognises that in our day to day operations we may impact on the environment in a number of ways and are committed to continual improvement in our environmental performance.

To achieve this, we:

- Employ systems and procedures that ensure compliance with all relevant laws, regulations and other requirements relating to the environment.
- Provide awareness to all our members which ensures environmental issues are considered when managing our premises and planning, implementing and undertaking all projects.
- Promote sustainable development, in partnership with our suppliers and stakeholders by conserving energy, materials and resources through minimising consumption, preferring low pollution materials, maximising efficiency and implementing the waste management hierarchy.
- Ensure that we operate to the ISO 14001:2004 quality standard.
- We are committed to continual improvement in our environmental performance, through the implementation of Environmental procedures, and the establishment of measurable environmental objectives and targets. These will be documented, implemented, maintained, monitored and reviewed.
- Ensure that we integrate sustainability considerations into our business decisions
- Ensure that we take account of carbon management in our business decisions to reduce our contribution to climate change.
- Will review and revise this policy as necessary at regular periods not exceeding 12 months

This Environmental Policy is communicated to in a clear simple manner to everyone in the centre
